Why it's important to wear correctly fitted footwear

1. Looking after your child's feet now will help prevent problems later in life
2. Heel pain, Knee pain and Arch pain can be prevented in children
3. Incorrectly fitted shoes (and socks) can damage growing feet
4. Young feet take up to 13 years to develop, supporting them is important
5. Footwear with insoles fitted can keep feet in a normal alignment.

"Get expertly fitted to get the right shoe and size at The Athlete's Foot"
